Terms of Service

Last updated: 15 May 2026 · Operator: Venkatesh Surampudi trading as Zero Clicks, United Kingdom

1. The Service

Zero Clicks provides automated Google review reply drafting and management for UK hospitality businesses. The service connects to your Google Business Profile via OAuth, detects new reviews, and generates draft replies using AI. You review and approve replies via your Zero Clicks dashboard before they are posted, unless you have enabled the auto-send feature for positive reviews.

2. Trial Period

New clients receive a 60-day free trial. No payment is required during the trial. At the end of the trial period, continued use of the service requires a paid subscription. We will notify you by email at least 7 days before your trial expires. You may cancel at any time during the trial at no cost.

3. Fees and Payment

Our standard pricing is a one-off setup fee of £499 plus a monthly subscription of £49 per month, per venue. Prices are exclusive of VAT (we are not currently VAT registered). Monthly subscriptions are billed in advance. Invoices are issued on the first of each month. Payment is due within 14 days of the invoice date. We reserve the right to suspend the service for accounts overdue by more than 30 days.

4. Your Responsibilities

You are responsible for: (a) ensuring you have the right to connect your Google Business Profile to our service; (b) reviewing AI-generated draft replies before approving them for posting; (c) ensuring any replies posted comply with Google's review policies and applicable UK law; (d) keeping your account credentials secure. You must not use Zero Clicks to post false, misleading, or defamatory content. You remain solely responsible for all replies posted through our service.

5. AI-Generated Content

Zero Clicks uses AI (Anthropic Claude) to draft review replies. AI-generated content is a starting point, not a finished product. We do not guarantee drafts will be factually accurate, tonally appropriate, or free from errors. You are responsible for reviewing all drafts before approval. We accept no liability for replies posted without human review.

6. Google Business Profile Access

You grant Zero Clicks limited OAuth access to your Google Business Profile solely to read reviews and post approved replies. We do not access or store any other Google account data. You may revoke access at any time via your Zero Clicks dashboard or at myaccount.google.com/permissions.

7. Data and Confidentiality

We process review text, reviewer names, and your business details to provide the service. Data is stored securely on UK/EU infrastructure. We do not sell or share your data with third parties except as required to operate the service. See our Privacy Policy at 0-clicks.uk/privacy.

8. Cancellation

You may cancel at any time by emailing zeroclicks.hq@gmail.com. Cancellations take effect at the end of the current billing month. No refunds for partial months. On cancellation, data is retained for 30 days then permanently deleted. Immediate deletion available on request.

9. Limitation of Liability

Our total liability is limited to fees paid in the 3 months preceding the claim. We are not liable for: loss of revenue or profits; reputational damage from approved replies; service interruptions beyond our reasonable control (including Google API outages); or indirect or consequential losses.

10. Changes to the Service

Material changes to these Terms will be communicated by email at least 14 days before taking effect. Continued use after that date constitutes acceptance. You may cancel without penalty during the notice period.

11. Governing Law

These Terms are governed by the laws of England and Wales. Disputes will be subject to the exclusive jurisdiction of the courts of England and Wales.

Three Actions to Take Now

1. Register as sole trader with HMRC

Free. 10 minutes online. gov.uk/set-up-sole-trader

2. Open a separate business bank account

Monzo Business or Starling — both free. Keeps Zero Clicks money separate from day one.

3. Register with the ICO

£40/year. Required when processing personal data for commercial purposes. ico.org.uk/registration

Deductible expenses: n8n Pro (£27/mo), Supabase (£20/mo), Claude API (~£5/mo), domain, any software. Total running costs: £52/month = £624/year. Deduct these before calculating taxable profit.
